

MORNING APPEAL.

Official Paper of Ormsby County

SUNDAY, MARCH 16

This powder never varies. A marvel of purity, strength and whiteness. More economical than the ordinary kinds, and cannot be sold in competition with the imitations of low cost, short-weight, adulterated or phosphated powders. Sold only in cans. ROYAL BAKING POWDER CO., 100 Wall Street New York.

A QUARTETTE OF BOYS.—Mrs. Jacob Schmidt a robust healthy Mennonite woman residing in Meridian township, presented her husband with four boys last Thursday. The children are quite small only weighing eighteen pounds, making an average of four and one-half pounds each. Mr. and Mrs. Schmidt are the parents of twenty-two children all of whom live in this county. Mrs. Schmidt has given birth to four pairs of twins on former occasions before coming to this country. Twelve of these children are sons and ten are daughters. The last quartet are as spry as children usually are of their age and the parents are much prouder than if but a single child had made its appearance. —McPearson county Republican, Kansas.

FIRE.—Yesterday's fire alarm brought the firemen to the residence of John Wood, where a small fire was struggling to go through the roof. The regular loud yelling was indulged in, but with no good results. Geo. Heritage constituted the Bucket Brigade and got on first water, followed by the Warrens. Little damage was done by fire, but water was poured through a skylight some time after the fire was out. This profuse use of water is quite often productive of bad results and should be handled with care.

That hacking cough can be so easily cured by Shiloh's Cure. We guarantee it. m7

What on Earth
Is the reason people will not, cannot, or do not see any difference in cheap nos trims put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedic, Druggist

How Can Parents
allow their children to cough and strain and cough and calmly say: "Oh! it's only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedic, Druggist.

Dissolution of Copartnership.
Notice is hereby given that the partnership heretofore existing between L. I. McLain and John Furlong has this day been dissolved by mutual consent. John Furlong assumes all indebtedness of said firm of McLain & Furlong, and all accounts due said firm are to be paid to him.

McLain & Furlong.
February 18, 1890.

Cough! and Cough! and Cough!
What in the world is the reason you will cough and keep coughing and still keep trying inferior medicines when BEGG'S CHERRY COUGH SYRUP will positively relieve your cough at once? This is no advertising scheme, but an actual fact, and we guarantee it. W. H. Chedic, Druggist.

THE WEEK'S COSSIP.

I have known women who were such good cooks that they could get up a most delicious meal out of a little of nothing. I have also known women who could put a few useless scraps together and make a stylish bonnet. Others, who from three or four discarded gowns could make a handsome street or house dress; and I believe there are women who could write a column and a half of newsy, society gossip with only a few muddy streets and three days of sunshine for a ground work. But while it does not require much material for any one of these things, it is highly necessary to have just a little bit of tact and talent, and when these necessities are not forthcoming, the society letter is likely to resemble the money paid a little boy by his papa for some slight task performed.

"Well, Charlie," said his mamma, as the little fellow came in with a long face, didn't papa pay you?"

"Yes," said Charlie, rubbing a smooth ten-cent piece between his thumb and finger and scowling all the while, "he did, but it's mighty fine."

The party given by the Carson Guard last Monday evening was a very pleasant affair and quite largely attended. The parties given by the Carson Guard and the G. A. R. much resemble each other, as they are free to all, and afford a magnificent field for the study of physiognomy.

While visiting the State Prison a few days since, I saw the prisoners at work upon four large vases, which, when finished, will be placed at the four corners of the soldiers' plot in the Carson Cemetery. These vases are made from the sandstone of the Prison quarry and are very handsomely carved, and varnished to withstand the erosions caused by the weather. It is a strange anomaly that the graves of men who fought and died by liberty should be ornamented by men deprived of liberty, even though it be by the latter's own acts.

WATER LITIGATION.—Day before yesterday a petition was filed by the Comstock Mill and Mining Co. as Plaintiff in the District Court of this county petitioning an adjudication of the water rights of all the claimants on the Carson river and tributaries. This has been done pursuant to the provisions of an act of the last Legislature which requires the filing of a sworn statement of every ditch canal or reservoir in the State, and which provides for the settlement as aforesaid, of all such claims. The complaint commences with defendants situated in Churchill county and names every single claimant on the river together with the users of every mountain stream, spring etc., all along the line. There are about 235 defendants embracing residents of Churchill, Lyon, Ormsby and Douglas counties. The complaint alleges at ordinary stages of the river, there are about \$30,000 inches of water flowing therein and further that the ranchers etc., claim over two and one half times more than the average flow. The ranchers in Douglas county alone assert a right to over 250,000 inches and M. Cohn and H. F. Dangberg each swear to an appropriation and use of over 50,000 inches.

The 2d day of June next, has been selected by Judge Rising as the time for hearing testimony.

O'NEILL AS EDMOND DANTES.—This great work as presented by James O'Neill, a worthy successor of the late Fechter, must surely rank as one of the greatest successes of modern productions. Everybody who has read Dumas' romance has sometimes made Edmond Dantes a hero. The impersonation of that hero becomes, then, a matter of popular interest, and when played as James O'Neill plays it, a matter of popular delight. It is difficult to imagine any actor of the time surpassing him in his character. He is an earnest actor and it is an evident fact that his heart is in his work. The ever varying points of Monte Cristo's life he treats with skill and naturalness; he brings to bear upon his work a ripe experience, a sound judgment, and a profound and signal mastery of his art. The supporting company is large and has been carefully selected. The scenery entirely new. This splendid attraction will appear at the Opera House on April 18th. Seats on sale at Tobriner's without extra charge.

TIED.—Jack Furlong and A. C. Pratt shot a pigeon match at Genoa on Friday, which resulted in their getting 18 birds apiece out of 20. The match was for \$50 a side, and will be shot off.

The Whitehall lyachers were rather summarily dealt with by Judge Newman. Mrs. Olsen fainted. The Sheriff started for Waupun with the prisoners immediately.
